

B ORTHODONTICS

VIP Club

The American Association Of Orthodontists (AAO) recommends children get their first check-up with an AAO orthodontist at the first recognition of an orthodontic problem, but no later than age 7. Most kids won't be ready for treatment yet but it's good to gain information about their mouth and what might be needed in the future. For our kids that aren't ready for treatment we have a special program. The VIP Club! Here are the benefits of being a part of our VIP Club:

You get to SPIN-THE WHEEL at every follow up observation appointment when treatment is not yet recommended.

You will get your B Orthodontics t-shirt, spin pass, and lanyard that will help you earn points at following visits, as well as participate in office contests.

Earn points just by keeping your observation appointment!

Redeem points for prizes and gift cards!
